HALIBURTON — ONTARIO | THURSDAY, JUNE 6TH, 1968 | Established in 1882 as the Minden Echo & Haliburton Recorder

THIS WEEK'S PRESS RUN — 2305

David Logan, Liberal candidate for Victoria - Haliburton recently held a meeting to discuss election policies with area workers. From left to right the people are: Homer Brown, Harold Herlihey, Dave Logan, Curry Whittaker, Harry Brohm, Bob Brohm.

Logan Covers Much Ground In Quest For Federal Seat

During the past seven days David Logan, Liberal Candidate for Victoria - Haliburton, covered a lot of territory, both geographically and politically.

Mr. Logan attended official functions in Beaverton, Valentia, Cambray, Downeyville and Woodville, as well as covering many miles over the rural roads of the Riding. Time is at a premium and the area is vast; however, Mr. Logan is doing his utmost to talk to as many people as possible throughout the Riding. He is concerned about their problems and, although he isn't promising that the problems will be completely solved he is promising that he will do his best to bring about solutions if elected. He also stresses that the Member for the Riding of Victoria - Haliburton can do more if the Member belongs to the party in power, and Mr. Logan feels that there is no doubt that Mr. Trudeau will form the next government.

The leaders of the respective parties have had quite a lot to say regarding regional economic disparities. Most intelligent people realize that the problem must be solved in order to bring order to certain economic and socialogical chaos.

David Logan stated: "I will take this problem further. I will see to it that the disparities within the region of Victoria - Haliburton are brought to the fore. I will promise that Mr. Trudeau, Mr. Stanfield and the rest of the House of Commons will hear of the problems in Victoria - Haliburton. For years the people of our area have suffered through lack of representation. It is high time that the Riding got more representation. This can be done by electing a Trudeau man. The Liberals will win, Mr. Trudeau will form the government and Victoria - Haliburton must have a man in that government that can be heard."

Mr. Logan made the aforementioned statement just before leaving for Prince Edward Island to attend his mother-in-law's funeral. Although sidelined for a few days, Mr. Logan promised to be back on the hustings on Tuesday.

Toronto Man Is Charged After Car Leaves Road

MINDEN (ENS) — Clifford Andrus, 18, of Scarborough suffered a fractured left collarbone and cuts to his forehead and legs in a single-car crash four miles south of here last Saturday.

According to O.P.P. the car ran off the road while rounding a curve, causing damage estimated at $1,500.00. Andrus has been charged with careless driving.

Richard Henderson, 22, of Toronto has also been charged with careless driving following a one-car accident last Saturday night at the junction of Highways 530 and 519, north of Haliburton. Damage to the car, being driven by Hendtrson, is estimated at $500.

James Warren, 24, of Oakville suffered minor injuries in a single-car crash early Sunday on the Wren Lake Road, north of Dorset. Provincial Police here estimated damage to the car at $2,000.00.

Two persons were injured in another one-car crash on Sunday near Furnace Falls. Edith Merrithew, 61, of Toronto, and a passenger, Godfrey Brown, 38, of Don Mills were given out-patient treatment at the Red Cross Hospital here. The driver suffered rib injuries, while Mr. Brown was treated for a dislocated right shoulder. Damage to the car is estimated at $450.

Scott On The Move

Victoria Riding's Progressive Conservative candidate is on the move.

William C. Scott is now engaged on a six-day grassroots tour of this vast riding.

On Monday he was in Ontario County, on Tuesday he moved into the Buckhorn and Lakehurst area east of Pigeon Lake, and on Wednesday he travelled through the north end of Victoria County and on into Haliburton. Thursday saw him back in Ontario County where he attended a meeting in Longford Community Hall that evening.

Friday takes the hard-working candidate into Lindsay for a brief stop-over, during which h will participate in the opening of the new United Co-operative Mill. This afternoon he swings over to the northeast portion of the Riding — Cardiff — where he will attend a meeting in the Cardiff School. Going from there to Bancroft, Mr. Scott will take part in a meeting at the Royal Canadian Legion Hall at which the Hon. Leslie M. Frost will be guest speaker.

And Saturday . . . out on the hustings again, this time covering parts of Victoria County during which he will be in Lindsay and Bobcaygeon.

Minden OPP Sgt. Takes Command Of North Bay

Ontario Provincial Police Sergeant Jack E. Eastwood received word this week of a transfer.

After nine years of service with the Minden Detachment of the Ontario Provincial Police, Sergeant Eastwood will assume command of the North Bay Detachment.

Sergeant Eastwood said in Lindsay last Thursday that he has enjoyed his stay at Minden, and he seemed surprised at the transfer. He said the transfer was to be effective June 1, but he was granted the weekend to arrange the change-over.

Sergeant H. C. Fletcher of the Picton O.P.P. Detachment will take charge of the Minden Detachment.

Sergeant Fletcher has been a member of the Ontario Provincial Police for 19 years, and has been with the Picton Detachment for 18 years.

Sergeant Fletcher is married and has no children.

Woman Hit By Truck, Dies

Mrs. Odella Thatcher of Fieldgate Drive, Cooksville died last Friday after being hit by a truck near her home. The truck was driven by Guido Vona, 34, of Downsview.

The late Mrs. Thatcher was the wife of the Rev. Ken Thatcher, a former minister at St. Paul's Anglican Church in Minden.

Rev. M. Patterson Crusade Speaker

Rev. Marney Patterson, a former disc jockey and broadcaster, will be the speaker this year at the "Invitation to Live" Crusade which is being held from June 14 - 23 at the Haliburton Highlands Secondary School.

Mr. Patterson is a graduate of Wycliffe College, Toronto. After 12 years in a parish ministry in the Anglican Church he resigned to do full-time Crusade evangelism. He is now on leave of absence from the Anglican Church which has given full approval to his new ministry.

He is married with four children, and lives at Thornhill, Toronto.

Miss Wanda Ann Stoughton, daughter of the late Stanley and Margaret Stoughton of Harcourt, Ontario, graduated from St. Mary's School of Nursing, Sault Ste. Marie, Ontario on May 9, when 24 nurses graduated at the School's Diamond Jubilee. Miss Stoughton was Valedictorian; she won the prize for "ethics" and also for "obstetrics". Following graduation, Wanda and three classmates flew to Nassau for a month's vacation.

Conservative Rally Held At Haliburton

Citizens from every part of this area filled the Auditorium of the Royal Canadian Legion in Haliburton on Thursday evening last to hear and meet William Scott, Progressive Conservative candidate for this Riding, and Robert Thompson, Progressive Conservative candidate for Red Deer, Alberta. Mr. Thompson is the former leader of the Social Credit Party, but now has joined the Stanfield team.

Due to a recent attack of the flu Mr. Scott spoke under difficulties, and while his speech was brief he managed to get in a few healthy swings at the Liberal Government, especially Prime Minister Pierre Trudeau for dissolving the House and bringing on an unnecessary election. Mr. Trudeau, said the speaker, was not the choice of the old line party members.

The guest speaker, Mr. Robert Thompson, stated that the decision of the Liberals to call an election at this time would go down as one of the greatest blunders of the Pearson Government.

Mr. Thompson described Mr. Trudeau as an intellectual socialist whose image was fast dimming, which one noticed as he travelled across the country. The speaker attacked the fiscal policies of the Government which were responsible for the present high interest rates, the highest in the history of Canada. He also attacked the manner in which inflation has been allowed to get out of hand, as well as the high cost of living.

In concluding his address Mr. Thompson said: "Let us pull together for a Conservative victory at the polls, thus enabling us to move forward to the greatest era ever known in Canada."

Mr. R. Glen Hodgson, M.P.P., who arrived late after attending a previous meeting, spoke briefly and expressed the hope that Mr. Scott and Mr. Thompson would be elected in their respective ridings, and that instead of sitting in the Opposition they would be on the Government side of the House.

Mr. Thompson was introduced by Mr. George Inrig of Lindsay, and was thanktd by Mr. Murray Agnew of Wilberforce. Chairman for the occasion was Mr. H. Curry Bishop.

Artisans Guild Here For Exhibition

Saturday, June 8 will mark the opening of a Handcraft Exhibit and Sale of Works completed by the Artisans Guild of Hamilton at the Art Centre of the Haliburton School of Fine Arts. The display should be of great interest locally.

The development of crafts in this County has only recently been begun. The articles in this show will serve as an insight to those who are interested in handicrafts. It will demonstrate what may be accomplished with talent, a willingness to continually learn and a desire to work.

Mrs. Thilde Nevitt and a small group of Crafts people formed the Artisans Guild of Hamilton (then known as the Hamilton Handicrafts Guild) some eight years ago. Since that time it has expanded to about eighty members who work in crafts such as Weaving, Pottery, Silver, Leather, Batik, Needlecraft and Glass, as well as a miscellaneous group which includes Woodcarving, Basketry and many others. Many of the members are prize winners; Ann Suzuki, who will be at the Haliburton show, won second prize recently at Brantford in the Annual Jury Show of the Glenhyrst Arts Council. Mrs. Ford, Ruth Haig, and Muriel McKnight won ribbons recently when the Hamilton Leathercraft Guild won the Weston Trophy.

A demonstration, in the Art Centre, in Spinning and Weaving will also be given on Saturday evening at 8:00 p.m. by Mrs. Thilde Nevitt and Fay Dubois. Mrs. Nevitt, who was one of the persons responsible for the formation of the Hamilton Guild, is an outstanding weaver and speaker.

Fay Dubois, who will be demonstrating Spinning, has won an award at the Canadian National Exhibition for design in textiles.

Maple Syrup Company To Be Formed

A public meeting is being called on Thursday, June 13 at 8:00 p.m. in the Dysart Community Centre Auditorium to present a proposal requesting the general public to give financial support to the forming of a Maple Syrup Company in or near Haliburton.

In the Fall of 1966, a brief on the potential of the Maple Syrup industry in the Highlands of Haliburton was sent to the office of the Agricultural and Rural Development Act. This was prepared with the assistance of Mr. Homer Brown and Mr. Wayne Wood of the Dysart Industrial Committee, and it was given support by R. Glen Hodgson, M.P.P.

A.R.D.A. has just begun to assist the Maple Syrup industry, and as this was the first brief to be presented from a designated area this community is eligible to try for the first grant. Twelve thousand dollars has been promised towards the establishment of a Central Evaporating Plant when all other requirements have been met. This is almost one-half of the cost of the proposed plant. Adequate local financial support is one requirement for obtaining this grant.

This Maple Syrup Company will build and operate a Central Evaporating Plant, which will purchase maple sap from local bush operators. A survey of people known to be interested in supplying sap has been made and it shows 41,000 trees available within this survey area. This has only scratched the potential of this area.

There is a very great demand for the high quality Maple Syrup from Haliburton County, and any extra syrup can be sold to other areas. For example, in 1968 there have already been several orders for quantities up to 1,500 gallons of syrup which could not be filled. One local sugar maker is bringing syrup in to fill his needs.

Each 10,000 taps supplying sap to this plant will represent the following amounts of money moving into the community - to people leasing their trees $500.00; to people selling their sap $9500.00; to truckers hauling sap $1518.00;; to fuel oil suppliers $1932.00. This is in the Spring when things are slack. There are also other amounts for plant labour, insurance, taxes and equipment which vary little with an increase in the number of taps.

In the United States, the Central Evaporator Plant is a tremendous tourist attraction in the early Spring, and this could be the first Central Evaporator Plant in Ontario.

Public support is necessary to obtain this grant for our area, so everyone is urged to attend this meeting.

Monmouth Council Hold Regular Meeting

The regular meeting of the Monmouth Township Council was held on Monday, June 3, 1968, with all members present.

By-Law 6-68 was prepared to transfer the Municipal Bank Account from the Bank of Montreal at Fenelon Falls to the Bank of Nova Scotia at Wilberforce.

By-Law 7-68 was prepared authorizing the Clerk-Treasurer and Reeve to sign an agreement with the Bank of Nova Scotia at Wilberforce for borrowing purposes.

It was noted that a two week interval existed this year between Nominations and Municipal Elections, November 23 and December 7, and that a County School Area Representative would be elected on Monday, December 9.

A delegation from the Glamorgan - Monmouth School Area was present, and requested approval from Council to purchase a portable Classroom for the Wilberforce School. The approval was granted, with Monmouth's share being $1,033.50.

A report from the Assessor regarding the progress in the new assessment was heard.

The Monmouth Volunteer Firemen requested Council's permission to sell their pick-up truck in lieu of a late model van; permission was granted.

Mr. Murray Agnew reported to Council re the County School Area Member Distribution, stating that Monmouth Township would have one member.

A motion was passed requesting the Department of Highways for help in maintaining the Dump, as they use the Municipal Dump for garbage disposal gathered from areas in Cardiff and various parts enroute.

The Department of Highways Engineer was asked to inspect a cement bridge in South Monmouth.

A letter will be sent to the Department of Highways at Kingston regarding the speed limit for Tory Hill.

The Building Inspector reported that 23 permits were issued in the past two months, and also that co-operation is being received from the parties concerned regarding dilapidated buildings.

A discussion re calcium on the roads took place, with the Road Superintendent stating that as soon as the weather settled and the roads are graded that calcium would be applied on the roads.

A motion was passed to inquire into the possibility of obtaining the right-of-way into Cedar Lake. The Department of Lands and Forests are desirous of selling 50 lots on this lake, and will pay for the road construction if the Council will obtain the right-of-way. Councillor Warren Mitchell voted against this motion, with the Reeve also being in disagreement in regards to proceeding with this development.

The Road Superintendent reported that there was some interference with his work from the Reeve. Council advised the Reeve that in the future he was to bring his complaints and criticisms to the Council as a whole, to be dealt with by them, and Council stated that no individual member had the right to direct the Road Superintendent.

By-Law 8-68 was passed for the purpose of a Municipal Garage, subject to approval by the Department of Highways.

By-Law 9-68 authorizing the Clerk-Treasurer to strike the mill rate for 1968 in accordance with the budget received approval.

The Reeve presented a site approval from the Department of Highways for the proposed Municipal Garage, the site to be at the intersection of the two highways in Tory Hill. On a motion for the building site there were two nay votes which were recorded by Fred Taylor and T. E. Deterling, with the Reeve casting the deciding vote for the site. The objections put forth were that the grounds were small and that it faced good homes and would devaluae this property, and also that it is being placed in the centre of the village when other sites available, other than in a built-up area, were being overlooked.

Road Accounts in the amount of $2,088.20, Relief Accounts amounting $145.45 and General Accounts totalling $126.26 were approved for payment.

On June 10, 1868 the Township of Monmouth was officially opened for settlement, and the Township celebrates its Centennial this year.

Are you worried about the high cost of living? So is ALLAN MCPHAIL, your New Democratic candidate.

Allan thinks it is important that the money you earn by hard work should go as far as possible. That's where sensible government spending and planning comes in.

Allan McPhail will be a strong independent voice for you in Victoria - Haliburton in fighting the high cost of living.

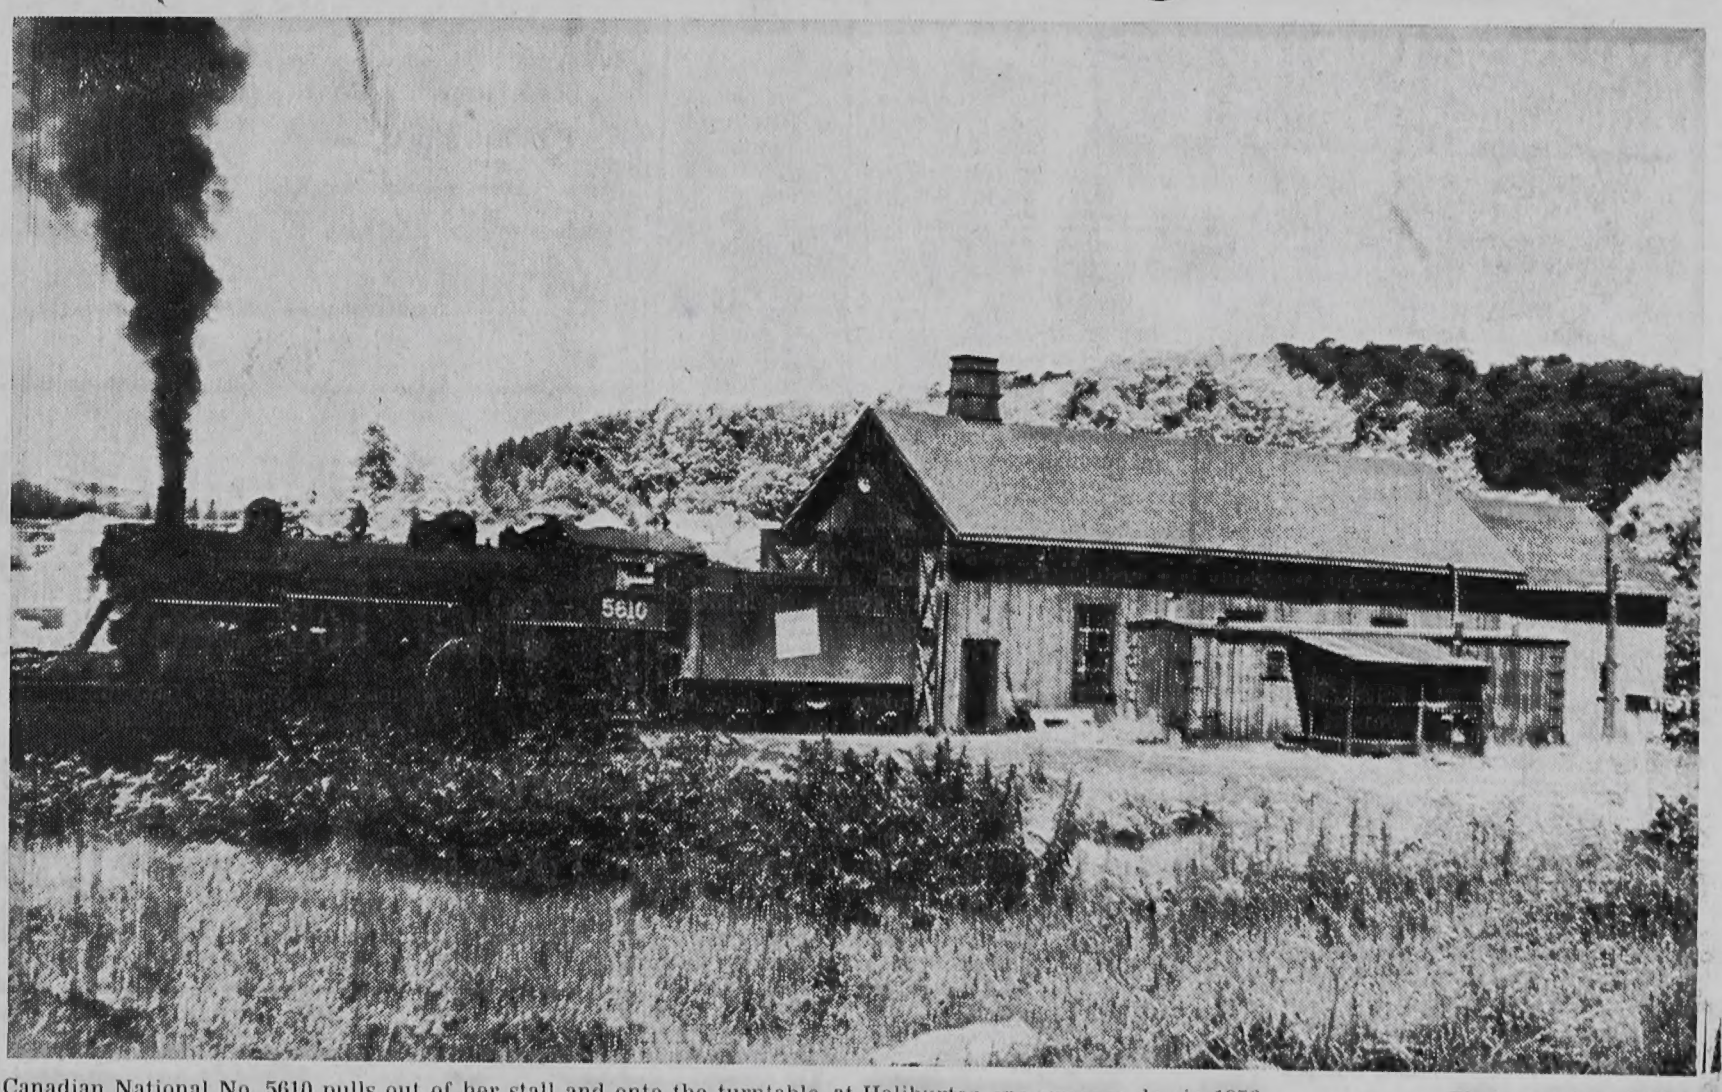
Picture In Railroad Magazine Brings Memories Back



Canadian National No. 5610 pulls out of her stall and onto the turntable at Haliburton one summer day in 1956. —Photo courtesy Railroad Magazine

Answering the front door of his Durham Street West home, Tom Wakeling was very surprised to find someone had sent him anonymously an April copy of Railroad Magazine. With his curiosity he thumbed through the magazine.

Across the top of Page Fourteen was his answer, a picture of one of his old engines in a familiar spot. The picture showed Steam Locomotive 5610 — Tom's regular engine — during the summer of 1956 at the engine shed in Haliburton, which he knew so well. The engine shed and turntable at Haliburton have gone the way of the locomotive they served, but sharp pictures such as this one preserves their memories.

With a vivid memory of this branchline — Lindsay to Haliburton — Tom says the picture was taken late in the morning on a Saturday. If the picture had been taken from the other side it would have been dark, but might have caught Tom with his oil can checking 5610 before making up Train 393.

Train 393 left Haliburton at 2:45 p.m. with only Tom's passenger equipment and way car as he carried mainly passengers. Through the Highlands 5610 would lead the three-car train with stops at Gould's, Donald and Kinmount. Past the Holy City, the nickname for Train 88-87 from Toronto, and more stops at Fenelon Falls and Cameron before reaching Lindsay. Coming down Victoria Street, Tom would bring 5610 to a halt before proceeding to the Station one hundred feet before Kent Street to detrain shoppers and visitors who had come to Lindsay to spend the afternoon.

After leaving the locomotive with Fred Guffin at the Albert Street shed, Tom would book off. Supper would always be ready when Tom walked home, for Maude, his wife, knew he only had a short time before returning to work.

By the time he returned to the Albert Street shed, Fred — Tom's fireman — would have the big Pacific's ashes dumped and she would be refueled with coal and water. He would wait here as stand-by locomotive for the Belleville bound train. Shortly before the arrival of the Belleville train Tom would add an extra passenger car and just fifteen minutes after the train's departure, he would be on his way with Train 393 from the old Durham Street Station, with just as many, if not more, passengers than the Holy City. Tom would be off, up the Victoria Avenue hill, through into the Highlands and on to Haliburton.

Today, without a passenger train, station, engine shed, and half the yards, Lindsay is lucky to have one diesel freight train moving anywhere — let alone three steam driven passenger trains to and from Haliburton alone.

* * *

Thomas Wakeling was the first to drive the big Pacific's (4-6-2) to Haliburton, and many at the time said the locos were too big for the route and that it couldn't be done.

He drove Display Engine 2616 to Haliburton, was the driver of the last steam powered mixed train and the last steam powered passenger train on the route, and took the first diesel hauled train to Haliburton.

Tom was the driver of the last passenger train, except for excursion trains, and carried out the last regular daily run. He was the engine driver on February 3, 1956 when old 5064 was derailed in Lindsay.

SUGAR AND SPICE
by Bill Smiley

I HATE PAINTING

Did you ever sit down and make a list of the things you like and dislike, love and hate? It's good therapy, and if you try it, you'll learn something about yourself.

I like sleeping and can sleep 14 hours without a twinge of guilt. But I don't like going to bed. Seems such a waste of time.

And I hate getting up, but I like being alive and part of the human race, once I've groped through that first fearsome fog of reality.

I like sports, but not the spectator variety. I love to fish for speckles, all alone in a vasty swamp; to deliver a curling stone right on the nose; to sink the black ball in the corner pocket; to make one crisp golf shot out of three. But I wouldn't give 20 cents for a ticket to the World Series or the Grey Cup final.

I like parades, any kind; trees, any kind; grass, green; water, rough or calm, green or blue; babies, either sex.

I dislike Italian food, Chinese food and most other "foreign" foods. Yet, when we go out to eat, I'm always the guy who orders something exotic like jugged hare or boeuf sauvage or chicken moulin rouge, only to find that I'm eating baked bunny, raw hamburg or fried chicken with paprika sprinkled on it.

And yet I love swill. That's what you get when you decide to have something different. Like the other night. Things were not marching in the cuisine. In fact, the stove hadn't even been turned on. So I pitched in. Literally. I pitched in a can of salmon, one of mushroom soup, one of vegetable soup, one of wieners and beans. Then I pitched in all the leftovers in the refrigerator; a chunk of corned beef, a glob of cheese, half a tomato, some olives, two hard-boiled eggs and four limpish sardines.

It was delicious. In fact, it was so good that the rest of the family couldn't bear to desecrate my masterpiece by eating it, and I had it three times a day, for three days. On toast. I even gave it a name — Then Burning Belch.

I like women and men, in that order. Women because they're not like men, and men because they're not like women.

I like fires, everything from bonfire to barn-fire. Though I'm bone-lazy. I actually like work. And I love loafing in the backyard, with a cold beer, and the black squirrels and the cocky robins.

I like shaving, but despite electric razors. I like peace and order, but my study is a model of confusion, and my life is a masterpiece of strife, internal and external.

I like to be alone but I hate loneliness. I like money, but it apparently doesn't like me.

I like people, especially those with courage and humour, but I dislike mobs. I detest violence, but I love western movies in which ten people bite the dust.

I could write a book about the things I like, a few paragraphs about those I don't. But, as you have craftily surmised, all this is leading up to something.

I HATE PAINTING and DECORATING. Sorry to shout like that, but it's true.

I mildly dislike dogs and cats, bores and hypochondriacs. But I can put up with them. However, when my wife starts asking. "Which do you like, the turquoise or the aqua?" that's a house of a different colour, and I begin to see red.

She's in one of her annual Spring frenzies and the house is littered with wallpaper books, colour charts and carpet swatches.

Normally I snort, "Why the hell didn't you marry a painter?" and the battle is on. But she's been low, physically, and I let my principles droop. I painted. And painted. And swore. And grouched.

I stood up to ease my aching back and caught a cupboard door corner right in the ear. And the blood spurted and I vented a most mighty oath which I haven't heard since World War II. She didn't even squeak for 20 minutes, knowing that one word would have sent her, brush and paint can out the door.

Oh, well, I guess one can't be perfect. Now, make your list.

Uncle Dudley's Column

I remember from my boyhood days the sayings of an old sage. It ran as follows: "There are but two kinds of people in this old world; East and West, North and South the same; Namely those who lift and those who lean." As I see it, at no time in history has this been so apparent.

How often do we hear the trite excuses for non-interferenc in public questions and actions: "I know this is wrong, but what can one person do? Something should be done about this matter, but let George do it". So nothing is done.

The suffering of the under-fed, the agony of thousands suffering from wounds and preventable disease, the armies of homeless in the Middle and Far East — "Care ye not ye who pass by"! And at the home base, what a need for leaders with a deep conviction for the thing righteous. The call comes often in vain.

I must, and it is a pleasure to, report such work of busy men and women in our areas who are giving of their time and talent for the training of our young people in healthy sports and giving, by advice and example, guidance to our younger folk. And these young folk will respond.

As evidence we have the fact of many thousands of dollars raised by their efforts. One of these worthwhile charities is the adoption of a child in the "have not" areas, to see they are fed and clothed and that they are loved in a centre made possible by the gifts of Christian folk throughout the world.

It is recognized by all social workers that these funds do a much better job than the government aid extended. From our abundance may we increase our share of aid to these worthy causes.

"Lifter or Leaner", what are we?

Haliburton School Of Fine Arts

EXT. DIVISION OF SIR SANDFORD FLEMING COLLEGE

HALIBURTON SCHOOL OF FINE ARTS

In the Haliburton Highlands a group of citizens, inspired by the beauty of their lakes and hills, became convinced of the need in Eastern Canada for something similar to the Banff School of Fine Arts. In 1967 they organized to establish the Haliburton School of Fine Arts.

Autumn courses in landscape painting and photograhpy were held as a trial venture. The interested response confirmed their belief in the project. It also awakened the interest of Sir Sandford Fleming College in Peterborough.

The Haliburton School of Fine Arts is still managed — on a voluntary basis — by the original organization now known as the Haliburton Guild of Fine Arts, but it has become an Extension of Sir Sandford Fleming College. By this association the School is able to offer a variety of courses with outstanding instructors. They aim to help both the beginner and the advanced student in Arts and Crafts. The beginner will obtain a sound technical and artistic basis for individual development; the advanced will benefit by further study with outstanding artists.

HALIBURTON, ONTARIO

SUMMER COURSES

WHEN: July 22 through to August 16
All weekdays Monday through Friday
Mornings 9-12; or afternoons 1-4

WHERE: Haliburton Highlands Secondary School, a modern, attractive building overlooking Head Lake in the Village of Haliburton; a logical centre for all activities.

ABOUT THE COURSES: Where advisable, a course is divided into two sections: one for the beginner, one for the advanced student. Limited attendance in each class allows for individual instruction.

Those wishing full-day instruction can find complementary courses in the same subject, or may take more than one subject.

EXPERIMENTAL PAINTING

Instructor: Dainis Meizajs
Afternoons: August 5 through August 16

This is a class for exploration in new techniques and media. Pupils will be encouraged to experiment in an attempt to gain new horizons of thought and a greater flexibility of expression. New materials will be discussed and their effects on the trends and development of contemporary art. Most of this work will be indoors.

WATERCOLOUR

For beginner and abvanced student
Instructor: Dainis Meizajs
Mornings: August 5 through August 16

Individual instruction in traditional and contemporary watercolour painting will give a solid start to the beginner and develop the technique and approach of the more advanced student. Mixed techniques such as watercolour, India Ink, and gouache will be introduced and discussed.

Most work will be in landscape painting so it is hoped to have the classes outdoors.

LANDSCAPE PAINTING. OIL

For those who have some as well as those who have considerable experience in painting.

Instructor: Oscar Schlienger
Course 1: Mornings — July 22 through August 2
Course 11: Afternoons — July 22 through August 2
Course 111: Mornings — August 5 through August 16

These courses will attempt to develop the inherent ability of the student and, while giving artistic guidance, allow complete personal freedom to the advanced student to develop his artistic taste according to his own personal conception.

DRAWING AND PAINTING

For the adult beginner
Instructor: Oscar Schlienger
Afternoon: August 5 through August 16

This course is for those with very limited or no experience in drawing and painting. A certain ability in drawing and sketching is a basic requirement for successful painting, but the beginner often finds formal instruction in drawing tedious and boring.

Oscar Schlienger believes that by learning to draw and paint at the same time the student progresses more rapidly and in a more challenging and satisfying manner.

PHOTOGRAPHY

Instructor: Cornelis Landman

Course 1: Mornings — July 29 through August 9. This is intended to help amateur photographers make a truly good photograph rather than just a nice snapshot.

Course 11: Afternoon — August 5 through to August 9. For those who have a thorough understanding of the priniciples and possibilities of photography, this course will help them to change a pleasant hobby into a creative art.

Course 11 can be taken as complementary to Course 1. Darkroom Techniques (including enlarging) — for those interested, three evenings (August 7, 8 and 9) will be devoted to the above techniques under the direction of Mr. Landman.

MOVIEMAKING

Instructor: Cornelis Landman
Afternoons: July 29 through to August 2

By explaining the principles on which professional film-makers base their work, this course will show the amateur how to improve the quality of his movies. It will also serve as a first step for those considering a career in film-making.

CREATIVE WRITING

For Magazine, Radio, Television and Theatre.
Instructor: James Armstrong

Course 1: Mornings — July 22 through July 26
Course 11: Mornings — July 29 through August 2
Course 111: Mornings — August 5 through August 9
Course 1V: Mornings — August 12 through August 16

LINOCUT AND BLOCKPRINTING

Instructor: Karl Hanke
Mornings: July 22 through to August 2

The centuries' old art of Printmaking is experiencing a renewal in this country. This course will introduce beginners to the craft of cutting and printing, and instruct in the technique used for the simplest design as well as the most intricate drawing.

Since prints can be made on paper, wood, fabric, etc. there are endless possibilities for those who want to copy existing designs, and especially for those who wish to use original designs.

INTRODUCTION to ARTS

For Artistically Inclined Children
Instructor: Mrs. Alice Rycroft

Course 1: Mornings — July 22 to August 2, for children aged 6 to 10 years.

Course 11: Afternoons — July 22 to August 2, for children aged 10 to 14 years.

We are interested in furthering the child's education and will attempt to foster an attitude of creativity and expermintation in Art, in many media. We believe Art is an essential to our way of life and that Art integrates the child's personality through the co-ordination of thinking acting and feeling.

WEAVING

Instructor: Mrs. Laura Peachell
Course 1: Mornings — July 22 to August 2

This course is designed for beginners, or weavers interested in the basic skills of weaving, with special emphasis on the mechanics of weaving.

Course 11: Afternoons — July 22 to August 2

Advanced weaving. A study of the creative techniques with special emphasis on design, colour and texture possibilities.

CERAMICS

August 5 through August 16
Instructor: Miss Chizuko Shimano

Course 1: Mornings. For those who wish to take up ceramics, but have had no instruction in techniques, materials, and equipment, and only slight knowledge of the artisitic possibilities of working with clay.

Course 11: Afternoons. For the advanced student wishing to obtain more technical knowledge and to widen his artistic scope.

FACULTY

OSCAR SCHLIENGER

Born in Basle, Switzerland, studied art in Geneva and came to Canada in 1930. Has taught for the past twenty years in Toronto, Peterborough and other parts of Ontario. He is a well-known portrait painter having received commissions from several prominent people, and has a great reputation as a landscape painter and teacher. He has had numerous one-man shows.

DAINIS MEIZAJS

Born in Latvia, came to Canada in 1948, graduated from the Ontario College of Art in 1956. He worked with the C.B.C. till 1961, and since then has been with the Ontario College of Art as an Instructor in Drawing and Painting.

He won the Lt. Governor's Medal for Proficiency in Drawing and Painting; in 1961 and 1966 he won the Hadassah Award, and in 1966 the Brazilian Traction Purchase Award. He has exhibited his work in Toronto, Boston, Cleveland, and New York City and since 1962 has had a yearly one-man show in Toronto by the Picture Loan Society.

KARL HANKE

Born in Germany in 1919, studied Art to become an Illustrator. Changed later to Commercial Art, and as such was self-employed during twenty years in Germany where he made a name for himself working for the account of the well known International Spa, Baden-Baden. He came to Canada in 1954 and after some work in Commercial Art, settled in the Haliburton Highlands to devote himself exclusively to Fine Arts.

MRS. ALICE RYCROFT A. O. C. A.

She has twenty years' experience teaching Arts and Crafts. For the past ten years she has supervised Children's Art Classes for the Etobicoke Art Group, an Extension Group of the Art Gallery of Ontario. She has also taught Arts and Crafts at summer camps and at summer courses for teachers.

MISS CHIZUKO SHIMANO

CHURCH NEWS

GIDEONS SET NEW RECORD

A new record for a 12-month period has been set by The Gideons International in Canada, as close to 500,000 Bibles and Testaments were placed in circulation. Upwards of half of the books went into service overseas.

An international force of 25,000 volunteer Gideons go about their business of distributing more than five million Scriptures annually without a lot of flag waving or horn blowing, but evidence of their work is everywhere. Ask hotel guests, hospital patients, prison inmates, school children and student nurses, and they are quick to tell you of personal exposure to Scriptures placed by The Gideons.

Contrary to the thinking of some many still read the Bible, according to The Gideons. A hotel manager wrote a short time ago to request Bibles for a new addition, and stated that he was amazed how many people — mostly business executives — ask for Bibles for their rooms. Within a few hours the books were in transit.

The missionary thrust of the Gideon program is gaining momentum steadily. In recent months branches have been organized in Uganda, Kenya and Spain, to bring to 77 the total number of countries in which an active work is carried on. A steady flow of letters from persons who have experienced help through reading the Bible or Testament confirms the worth of this outreach ministry. The Gideons refer to their overseas operations as a spiritual Colombo Plan — the haves making available to the have-nots. At the present time demand is outpacing supply.

There are 176 local Gideon branches called Camps in Canada. The President of the local Camp is James B. Cooper. Other officers are: Vice-President - Elmer Evans, Secretary - Archie Stouffer, Chaplain - Kenneth MacAleese, Treasurer - Max Aldous. Mr. Earl Pitts is the Memorial Bible Representative.

Bowling Leagues Hold Banquets

UNITED CHURCH LEAGUE

On Wednesday, May 22 the Tuesday Afternoon Ladies League had their banquet at the Wagon Wheel, with 34 ladies in attendance.

CHRYSLER

best power for any fishing boat afloat! Meet the 9.9, one of the all new fishing engines by Chrysler. Most powerful 'under 10' on the market. Gets you out there where the big ones are. Our new 9.9 has pushed our 14' test boat and driver 23 mph (has even pulled a full grown skier!), yet she'll troll all day with hardly a murmur. Shallows are no problem, either. Chrysler's exclusive Depth Minder drive lets you operate in a mere 6 inches of water . . . and the spline-drive prop won't pick up weeds, ends shear pin changing forever. And just look at that new low-profile design. It's designed to make your carrying, stowing and operation that much easier . . . lets you fish across the stern, too. When it comes to fishing outboards, Chrysler has the big edge. From the all new 4.4, through the 6.6 and 9.9 to a completely new 20, they're all backed by Chrysler engineering excellence and the famous Chrysler warranty.

HALIBURTON U.C.W.

A General Meeting of the Haliburton U.C.W. was held in the Church Hall on Monday evening, May 27, with the President, Mrs. Earle Casey, presiding.

Mrs. Owen Morrison conducted the worship service, based on Psalm 107: verses 1 - 15. Prayer and the singing of the hymn "Happy The Home When God Is There" concluded the devotional period.

Mrs. Thos. Chambers led in the service of dedication of layettes for overseas missions and gifts of clothing, etc. for the Fred Victor Mission and Street Haven in Toronto.

The roll call and reading of the minutes of the previous General Meeting by the Secretary, Mrs. Ray Archer, followed.

Reports by the Treasurer and the Convenors of the various committees were given.

During the short business session which followed, the attention of the members was directed to the "Invitation to Live" Crusade being held in our community from June 14 - 23, with meetings in the High School Auditorium.

A very interesting programme in the form of a panel discussion entitled "What's Bugging The Teenagers About The Church Today" was presented. Mrs. Rea Stinson introduced the young people participating in the discussion, namely Maxine Roberts and Peter Schroter of Lakeside Baptist Church, Martin Hodgson of St. George's Anglican Church, and Gayle Young and Dennis Casey of the Haliburton United Church. As each participant presented his or her views on the subject, a lively discussion between members of the audience and the panel ensued. It was felt that the existing gap between our youth of today and their elders stemmed largely from their inability to communicate with each other. Some very constructive ideas for meeting the needs of our young people within our churches today were outlined by the panellists.

One of these was the formation of an inter-denominational Young People's Organization in our community, to be conducted by the young people themselves with some adult guidance. This suggestion was unanimously supported, and it is hoped it can be made a reality in the near future

At the conclusion of the programme refreshments were served by the hostesses, and a social time enjoyed.

MAPLE LAKE

The community was shocked to learn of the passing of Mr. Verle Fader. He was well liked far and near, and was always ready to give a helping hand. Deepest sympathy to his wife and daughters, and also his parents.

Mr. and Mrs. William Ratter of Pine Springs, also their daughter Bonnie and Mrs. Lesley Chartrand, called at Mrs. Bacon's home on Friday last.

Mrs. Wm. Bacon visited on Friday and Saturday with the Packards and Bacons, and also with her son Gordon Cross.

We are sorry to hear that Mr. John Morrison is back in hospital again. We wish him a speedy recovery.

Haliburton Seniors Down Wilberforce

Sunday afternoon was the scene of another victory for the Haliburton Senior Softball Club as they defeated Wilberforce by the score of 8-3. The winning pitcher was Gary McKnight, scoring his second win of the year. A home run was scored by Tony Salvatori.

Haven Cook, Haliburton's other pitcher, has also scored two winners this year.

Haliburton is yet to be defeated, having won all four games they have played so far in the schedule. They have beaten Wilberforce twice at home, once away and also Minden by a tight score of 8-6.

The Haliburton Senior Club greatly appreciates the support of the fans, as this club must buy their equipment from the donations of the spectators.

Does the Best Man ever win?

Well, your buddy is getting married and wants you for best man. Isn't that great? Sure. Just one or two little things . . . like the wedding will be in another city, and you'll have to rent a dinner jacket, and you'd like to go.

Moments like this, you're a wise man if you can take advantage of complete banking service at the Commerce. One account—your Chequing Account, you use for month-to-month expenses. And the other—your Savings Account—makes sure you've kept cash on hand.

So go ahead. Call the airline. Rent the jacket. Spring for that nice chunk of Eskimo art. And have fun at the wedding. When there's cash on hand at the Commerce, the best man wins.

Keep cash on hand at the Commerce

A World

A world that looks, but does not see;
A world that listens, but does not hear;
A world that touches, but does not feel;
A world that is told, but does not believe;
A world that has been given, but does not receive;
A world that wants, but does not need;
A world that writes, but can not read;
Yes a world, our world.

This world has been shown
But it could not see,
Yes, a world that is told
But thinks it cannot be.

Our world is such a world as this,
A world that always seems to miss
The very point it has been shown,
And then again it is left alone.

A world that has been guided, but soon strayed;
A world full of laws that are never obeyed;
A world full of love, but shows only hate;
A world that changes, but its too late;
A world that is alive, but does not live;
Because it does not know how to give.

A world that first must take a bad turn
Before it can stop, listen and learn,
Maybe some day this world will see
And a better place then it should be.

OUR EVANGELIST

Rev. Marney Patterson

Mr. Patterson, a former disc jockey and broadcaster, is a graduate of Wycliffe College, Toronto.

After 12 years in a parish ministry in the Anglican Church of the Diocese of Toronto, he resigned on January 31, 1967, to do full-time crusade evangelism. He is now on leave of absence from the Anglican Church which has given full approval to his new ministry.

This is probably the first time in the history of Canada that an Anglican minister has entered into full-time crusade evangelism with official recognition.

Card of Thanks

The Monmouth - Harcourt Softball Club would like to say a big "Thank You" to all the people who supported our Lucky Draw. The winners were: 1st, Murray Agnew, Wilberforce; 2nd, Judy Tallman, Wilberforce; 3rd, Lew Roberts, Eagle Lake. Special "Thank You's" must go to Mrs. Harold Bowen for her generosity in donating the first prize, and to Mr. Fred Oram for a sizeable contribution to the team. Since our entry into the Haliburton County Softball League we have been warmly and generously treated by our enthusiastic fans and sponsors. We look forward to your continued support, and will try to provide exciting ball for you. Yours sincerely,
Rodney Bowen, John Deterling and Roy Hoare,
The Ball Club Executive.

I wish to thank my many friends and neighbours for cards, letters and gifts received when I was in Lindsay Hospital. I am coming along fine and will soon be around again.
Mrs. Irene Hague.

Words fail to express my sincere appreciation, thanks and gratitude to relatives and friends for their many acts of kindness, cards, letters and floral offerings received during my recent bereavement and illness. Special thanks to Irondale and Kinmount friends, Kinmount U.C.W., Mrs. Douglas, Rev. Bradbury, Dr. Good and the John Welch and Son Funeral Directors, and many more too numerous to mention. Thank you one and all.
Mrs. Emma Hancock.

The family of the late Mrs. May Thayer wish to express sincere thanks to Rev. R. J. Carder, their relatives, friends and neighbours for their many acts of kindness and expressions of sympathy received during their recent bereavement of a loving Mother and Grandmother.

IN MEMORIAM

JOHNSTON — In loving memory of a dear husband and father, Robert Edward Johnston, who passed away June 3, 1966.
Calm and pleaceful he is sleeping,
Sweetest rest that follows pain;
We who loved him sadly miss him
But trust in God to meet again.
—Ever remembered by Wife and Family.

THOMPSON — In loving memory of a dear father, W. Howard Thompson, who passed away June 2, 1967.
This month comes with great regret,
It brings back the day we will never forget;
We lost a Father with heart of gold,
Who was more to us than wealth untold.
Without farewell he fell asleep
With only memories for us to keep,
We have lost but God has gained
One of the best Fathers the world contained.
—Sadly missed but always remembered by son Eric and daughter-in-law Nellie.

THOMPSON — In loving memory of our dear grandfather, W. Howard Thompson, who passed away June 2, 1967.
A year has passed, dear Grandpa,
Since you were called away,
How well we do remember
That sad and weary day;
Suffering much, you murmured not,
We watched you day by day,
We prayed that your dear life
Would not be taken away.
—Sadly missed and will always be remembered by your grandchildren Jimmy and Heather.

Reductions In Long Distance Telephone Rates Planned

Plans for further reductions in long distance rates were announced recently by Bell Canada and the Trans-Canada Telephone System.

Under the proposals, the maximum rate for late-night three-minute Direct Distance Dialed calls throughout Canada will be $1.00 (compared to the present $1.95); for similar calls within Ontario and Quebec the maximum rate will be 75 cents.

The Bell Canada plan, filed last week with the Canadian Transport Commission, represents the eighth reduction in toll rates affecting the company's customers in Ontario and Quebec since 1960. In a series of rate changes, based on the principle "the later the hour, the cheaper the call", the Bell proposal would save telephone users in its serving area an estimated $3¼ million a year.

The reduced rates announced by the Trans-Canada Telephone System, comprising the eight major telephone systems spanning Canada, will result in customer-savings of about $500,000 a year.

"Despite the rising prices of most commodities and services in recent years, reduced long distance rates have been made possible because of the increasing volume of calls, the use of Direct Distance Dialing and more efficient transmission methods", said R. C. Scrivener, a Bell Canada executive vice-president.

The $1.00 cross-Canada late-night maximum rate will be for three-minute Direct Distance Dialed calls between midnight and 6 a.m. The present rate, from midnight to 4:30 a.m., is $1.95. The new schedule is due to become effective September 15.

Bell Canada's new schedule, slated for introduction July 7, includes a 75 cent maximum charge for a three-minute DDD call placed between midnight and 6 a.m. within Ontario and Quebec. This would cut the cost of a call from London to Montreal from $1.05 to 50 cents. This rate would also apply on calls involving exchanges not yet served by DDD.

Bell also plans a $1.00 maximum rate for a three-minute station-to-station call within Ontario and Quebec between 8 p.m. and 6 a.m. and all day Sunday. The present maximum is $1.50.

The Bell Canada proposal, aimed at further encouraging greater use of Direct Dialing, also includes a $2.00 maximum charge for three-minute station-to-station calls within its serving area of Ontario and Quebec between 6 a.m. and 6 p.m. Monday through Saturday. The present maximum is $2.25.

Bell also proposes increases ranging from five to 20 cents on person-to-person calls under 100 miles; a starting time of 10 p.m., instead of 8 p.m., for the Family Calling Plan (10 minutes for the price of five); and a new rate of 10 cents for the first three minutes of any toll call to points up to 10 miles away (where applicable), rather than the present charge of 10 cents for the first five minutes. This latter change would affect few customers since nearly 70 per cent of such calls are less than three minutes' duration.

Rate reductions up to $1.10 are planned on person-to-person calls spanning more than 350 miles.

A combination of Family Calling Plan and the new late-night schedule would make possible a 10-minute call from Montreal to Toronto for 75 cents.

Bell also proposed a long distance package service which will begin August 18. Called Econo-pak, the service will permit individual-line residence customers to buy 60 minutes of DDD conversation time per month for a monthly charge of $10. The Econo-pak rate would apply to calls between noon and 8 p.m. to any Bell Canada exchange within the home province.

Speaks To Rotary Club

Mr. Sinc Davies, a former Haliburton boy, was the guest speaker recently at the Haliburton Rotary Club. Sinc is connected with the Zurich Insurance Company in Rexdale.

He spoke on the subject of Evolution, Population Explosion and Starvation in the world today. The speaker outlined some of the answers to these problems and told the meeting what they could look for in the future.

Sinc is the President of the Rexdale Liberal Association.

The most informative talk was thoroughly enjoyed by the members of the Rotary Club.

William C. Scott, his wife Betty and their two children, Guy and Laurie, are pictured on the stage of the Academy Theatre in Lindsay after Mr. Scott was nominated as Progressive Conservative Candidate for the June 25 election.

Comments By R. Glen Hodgson, M.P.P.

Ontario Farm Groups Move Closer To Merger

Ontario's two big Farmer organizations representing the bulk of the $1.2 billion a year industry have approved a plan for merger. This could be the forerunner of a national farmers' organization.

Two hundred representatives of the Ontario Farmers' Union and the Ontario Federation of Agriculture met in the Royal York Hotel on May 21 to discuss the report of a committee set up in January to study the merger.

Debates centred over the role of the marketing boards after the merger. Marketing Boards or Associations are organized by each sector of the industry, Fruit, Dairy, Poultry, etc., to determine prices and regulate production.

It is anticipated that the proposed plan for merger will be put before the membership of both unions some time this Fall.

Ontario and Quebec Co-operate To Attract Tourists

A huge Canadian display was opened recently in Menlo Park, New Jersey, the world's largest indoor shopping centre. There, 70,000 square feet of space is ablaze with Canadian flags, coloured photos, posters and displays featuring Ontario and Quebec.

This is the first joint venture by our two provinces in co-operation with the Federal Government's Travel Bureau. The total budget for the displays and newspaper, magazine and radio advertising is $500,000.

About 250,000 New Jersey residents are expected to see this tremendous Canadian display in the next fortnight.

New Labour Code Includes 1½ Overtime Pay

The new legislation also will empower the Labour Department to collect unpaid wages for employees up to a total claim of $1,000.

Mr. Bales also repeated a statement made during his estimates speech that the minimum wage would be increased in Ontario this year on the basis of surveys and studies which are being prepared by his staff.

The Minister also said that he intends to improve working conditions in the future for the unorganized section of the labour force.

"I intend in the future to introduce further changes to this legislation as time and circumstances permit so that it will become truly a bill of employment rights assuring modern working conditions to all employees of this Province", he said.

There are 2,800,000 men and women in Ontario's work force with about 728,000 organized in trade unions with collective agreements on pay and working conditions.

The new legislation will affect, mainly, the non-union section of the labour force, particularly workers in the low-income brackets.

The seven statutory holidays in the new Act are New Year's Day, Good Friday, Victoria Day, Dominion Day, Labour Day, Thanksgiving Day and Christmas Day.

Vankoughnet Road Construction Underway

HALIBURTON (ENS) — The first phase of work on the construction of a road which will open a direct route from the Haliburton Highlands to the Muskokas is now well underway.

It is expected that tenders will be called late this summer for construction of a bridge between Little Boskung and Big Boskung Lakes, west of Carnarvon, as the first stage of development of the Vankoughnet Road.

According to Charles Brandon, Chairman of the Vankoughnet Road Committee, the cost of this work will be about $200,000.

The Committee hopes that a program will be set up this winter to clear the right-of-way, on the first 2½ miles of road commencing at Carnarvon.

The construction costs, estimated at between $80,000 and $100,000 per mile, will be borne by the Department of Highways, with the cost of land acquisition borne 50 per cent by the two counties.

This will not be too costly, however, as most of the route is on Crown Land.

The road is classed as a development road with a paved surface of 22 feet.

Haliburton News Letter

Three of our citizens, namely Mrs. A. H. Bounsall and Messrs. Grenville Bird and Wesley Baker, are at present patients in the Civic Hospital in Peterborough, convalescing after undergoing surgery. Their many friends will hope that they will make a satisfactory recovery and will soon be home again.

The sidewalks on our Main Street in Haliburton are getting a facelifting. June has been designated by our Businessmen's Association as Clean-Up Month, and one must admit that the Municipality is doing its share in this respect.

Minden Police Seek Stolen Goods

MINDEN (ENS) — Theft of a motorcycle owned by Allin Cooper of R.R. 1, Minden is being investigated by Ontario Provincial Police here. The theft occurred late last Friday.

A table radio and a camp stove are among items missing following break-ins at cottages near Dorset and Minden.

The radio was stolen from the Davis Lake cottage of Carson Howe of Scarborough, while a lamp and the stove are missing from a cottage owned by Martin Pavillson of Willowdale on Kawagama Lake near Dorset.

Surprise Party

Mr. Erastus Robertson was indeed surprised when he was given a party on the occasion of his 78th birthday at his home.

Those present were Mr. and Mrs. Alfred Walker of Bowmanville, Mrs. Gladys Sinclair family of Lindsay, Mr. and Mrs. Raymond Gostlin of Norland, Mr. and Mrs. Kenneth Hess, Miss Beatrice Hess and friend David Hawk, Mr. Fred Bricknell and Mr. Michael Bricknell and friend Nancy, all of Ajax, and Mr. and Mrs. Melville Robertson and Mr. and Mrs. Frank Poole of Minden.

We wish to add our congratulations at this happy birthday time.
